

•• BEST NEW PARKING STRUCTURE AWARD ENTRY FORM ••

THE 1ST ANNUAL PARKING TODAY AWARDS

Parking Today Media is pleased to announce the first annual Parking Today Awards program to recognize outstanding achievements in the parking industry. This program provides an opportunity to promote our industry and the impressive work of our community members.

BEST NEW PARKING STRUCTURE

Presented to the best new place to park

This award is presented to the best multi-story, newly designed public parking structure with a minimum of 2 levels.

It is open to local authority garage operators, owners, architects, developers and construction companies. Parking structures entered must have multiple levels and may be multi-story, underground, or park & ride sites.

The criteria:

Entries should be made with the participation and/or approval of the garage owner or primary operator. To qualify the project must have been completed after January 2018 and be operational at the time of entry to the awards.

The judges will be looking for garages whose design and construction:

- Meet the specific needs of the destination served
- Makes use of high-quality materials and finish

- Show a high degree of co-operation between the developer, designers and planning authority
- Features a sensitive, sympathetic and aesthetic treatment of the exterior and locale
- Provides high quality, well-lit interiors
- Have well planned vehicle circulation paths
- Feature excellent signing of vehicle and pedestrian paths
- Act as gateways to destinations.

During site visits the judges will pay particular attention to the 'drivability' and location of each entry.

Please supply:

1. Images of parking facility exterior and interior
2. Full plans and circulation details
3. Details/diagram of traffic flow and site access/egress
4. Details/images of site signage
5. Full postal address so that parking facility can be easily located
6. Customer and client feedback.
